

E400CPM RANGE

Master Control Unit - E400CPM/MCU

Sub Unit - E400CPM/SU

Our master control unit allows for all capabilities in a compact housing. Master Control Unit with built-in movement sensor and main PCB to control all other additional units if required. Provides various Status Indications and outputs. It takes 12 seconds to fully deploy per cartridge.

Warrant for use in all Environments
MSDS

Non-toxic, non-greasy formula
Harmless to humans and animals

Model	Description	Area Coverage	Dimensions, Weight & Power use	Deployment Time
E400CPM/MCU	Master Control Unit	800m ³ (with visibility less than 2m), 400m ³ (with visibility less than 1m)	L: 144 W: 324mm H: 324mm Weight: 6.71kg	Under 50 seconds
E400CPM/SU	Sub Unit	800m ³ (with visibility less than 2m), 400m ³ (with visibility less than 1m)	L: 144 W: 324mm H: 324mm Weight: 6.71kg	Under 50 seconds
