▼ Heatshrink Solder Sleeves

Solder Sleeve Heatshrink Tubes

Heatshrink tubing fitted with central ring of solder which melts when heat is applied, allowing you to join two cables with minimum fuss! Insulate and join your wiring at the same time. For best results use a flameless heat gun capable of 450°C or more (or wave a blow torch/lighter over the tubing). 2:1 shrink ratio. Suits AWG wire size listed.
