12V Modular Aluminium Strip Lighting

Slim 10mm high aluminium channel!

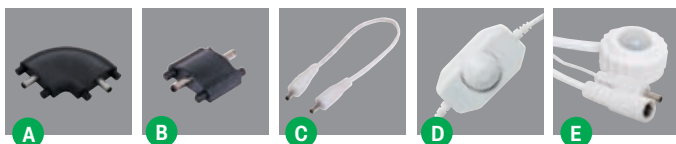

These stylish low profile aluminium strip lights are the perfect way to light up cabinets, and workspaces in caravans, RVs and 4WDs. They're also great for use at home in the kitchen, study or laundry. They provide a crisp clear light output of ≈975 lumens per strip in either warm or natural white. Each strip includes 39pcs of newest SMD 2835 size LEDs offering higher lumens per watt than 3528 size chips. The housing measures 25mm wide, 10mm high and 500mm in length. Strips can be daisy chained together using a 17mm plastic joiner (X 3255) or the optional lead joiner (X 3256) for connection strips around corners or through openings. A maximum of 4 strips can be daisy chained per power supply (500mA per strip). Included is a 2.1mm DC to 1.3mm DC lead for connection to standard 12V plugpacks and mounting clips.

Input:	12V DC	Lumens:	≈975lm max per strip
Chip size / LEDs:	2538 SMD (39pcs)	CRI:	80
Wattage:	5 Watts	Rated lifetime:	> 50,000 hours
Colour:	Warm White 2800-3200K	Dimmable:	Yes with X 3234
	Natural White 4000-4500K	Dimensions:	25W x 10H x 500L mm

Price Each		RRP	4+	6+
X 3250	Warm White 500mm	22.95	20.75	18.50
X 3251	Natural White 500mm	22.95	20.75	18.50

Joiners & Accessories

Price Each			RRP	4+	10+
X 3254	Plastic 90° joiner	A	4.55	4.15	3.75
X 3255	Plastic straight joiner	B	3.40	3.10	2.70
X 3256	Joiner (1.3mm to 1.3mm DC 20cm)	C	3.40	3.10	2.70
X 3234	In-line dimmer ON/OFF controller	D	17.25	15.50	13.75
X 3277A	PIR motion activation switch	E	21.50	19.50	17.25
P 8225	In-line ON/OFF switch	F	8.65		
P 0608A	2.1mm DC terminal plug	G	4.95

Addressable WS2812B RGB LED Strip

These decorative LED strips feature on-board chips to control the colour of each individual LED using open source platforms such as Arduino and Raspberry Pi. 60 LEDs per metre. 5V DC input. Typical current draw is 1.6-2.2A per metre (will vary with brightness/colour).

X 3222A is weatherproof rated at IP67 for indoor or outdoor use.

X 3223A is suitable for indoor use only (not weatherproof).

5050 type

Chip:	WS2812B
Input voltage:	5V DC
LEDs per m:	60
Strip Width/Colour:	10mm/White
Max Power:	15W

Note Current draw is lower depending on colour displayed at the time.

X 3222A

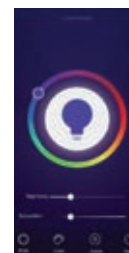

X 3223A

Price Per Length		RRP	3 Rolls	5 Rolls
X 3222A	1.3m	29.95	26.95	23.95
X 3223A	5m	115.00	103.50	92.00

RGB Wi-Fi Controlled Adhesive LED Strip Lighting Kit

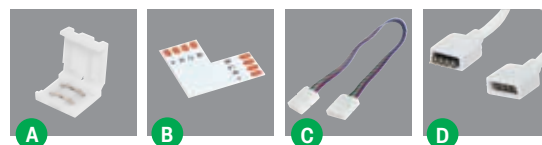

Can be controlled by included IR remote or via Tuya smartphone app. Also includes power supply and controller unit.

Control your strip lighting with the Tuya smarhome app for colourful decorative lighting. This kit includes 5m of RGB strip lighting and wi-fi controller unit allowing you to create colourful lighting effects around your home. The LED strip is adhesive backed allowing it to mount to cabinetry, metal and plastic surfaces. Controller features a music sensor input allowing the lighting to trigger to music being played in the room. Great for home entertaining. Works with Alexa and Google Assistant. 60 LEDs per metre offers superior light output compared to other models on the market. Includes power supply. 5m roll length. Controller will handle a maximum 7.5M of LED strip (3Amps).
